

K-LOVE is a radio station that I listen to almost every day. It is a positive influence in my outlook on life. It encourages me to serve and love other people. If K-LOVE was taken off the air, I believe this would have a negative effect on our local community.

This is a listener supported station which shows that those who listen to it are willing to support it financially. It provides a strong Christian message through encouraging music 24 hours a day which is hard to find in any other radio station. I believe the service provided by K-LOVE is in the public interest because it supports wholesome values and has positive impact on our community.
